A charming story of young people & young ideas in which the realization is more than equal to the anticipation.

THE AMERICAN JEWISH RELIEF COMMITTEE.

When citizens of Walla Walla, Wash., came down to work the other day they found a cemetery built in the center of the town containing 800 headstones each bearing the name of a child of Eastern European origin. Eight thousand dollars for 800 children was the quota of Walla Walla in the \$33,000,000 appeal of the European Relief Council for the succor of 3,500,000 starving children in Eastern and Central Europe for the committee of Walla Walla had taken this dramatic means of birning home to the town what it would mean if the quota were not subscribed.

L. H. Burnett, Tacoma, who is chairman of Southwestern Washington for the American Jewish Relief Committee and one of its most active leaders, is state chairman for the European Relief Council, in which the Joint Distribution Committee, through the American Jewish Relief

Committee, is taking a prominent part in its nation-wide appeal.

Ten dollars, according to Herbert Hoover, chairman of the European Relief Council, will save the life of a child, and as each \$10 was subscribed in Walla Walla, a tombstone was removed and an American flag substituted in its place.
